

## Maine's Signature Events

Throughout the year, Maine celebrates the state's uniqueness with a wide breadth of events and festivals. These signature events share Maine's vibrant culture and heritage with the world – we honor our favorite foods, like our odd soda, Moxie, and blueberries, oysters, lobster and even the humble potato. We highlight our long maritime history with seaweed and windjammer festivals and a special lighthouse day. And our fall fairs celebrate the season's harvest in myriad ways – a pumpkin boat anyone? These events are ways to discover new things to love or simply opportunities to revel in the best Maine has to offer.

- [US Toboggan Championships](#) – February
